Bodhisattva Prayer

I AM a fount of eternal love from the heart of the Buddha, manifest now unto all life caught in the sea of samsara. I AM walking the way of the Buddha and the bodhisattva, dedicating my life to the salvation of all sentient beings on Earth and in all systems of worlds. Through sacrifice, surrender, selflessness and service, I give the gift of my life and being unto all who are awakening from the sleep of non-awareness. And through my example of compassion, kindness, mercy and love, I AM raising all life unto the eternal verities of divine bliss in God.

I AM an active participant in bringing God's kingdom to Earth. And in the lineage of Sanat Kumara, Gautama, Maitreya, Jesus, Padma Sambhava and the Buddha Mother, I take my place to fulfill the mission of bodhisattva unto all. As I give the five decades of this rosary, I invoke the Five Dhyani Buddhas to come and manifest their presence in the Earth and among its peoples for the Pure Land to manifest on Earth and for the uniting of hearts East and West to transcendent love.

I AM of the Buddha and the Buddha is of me. I AM of the Mother and the Mother is of me. Together we comprise a pure sphere of light and emanate blessings to all sentient beings, quickening them unto the fulfillment of each one's divine plan and immortality in God.

Beloved mighty victorious Presence of God within all, seal this prayer in holy purpose as we radiate love-wisdom now to all.

Bring the Children

When the children came to Jesus
On that clear and sunny day,
A disciple tried to quiet them
And to have them go away.

But the Lord stood up and spoke these words:
“Suffer them to come to me,
For of such as these my Father’s Kingdom’s
Blessed for all to see.”

And then all the children gathered
‘Round about the Lord that day
He invited them to listen
And hear all he had to say.

And the words he spoke to each one there
Ring as clear and true today
“You must be like gentle children
If you’d enter heaven’s way.”

“Bring the children to me
For their love is pure and free
Bring the children to me”
Are the words of our Lord.

“Bring the children to me
For their love is pure and free
Bring the children
Bring the children to me”.

Mother of Mercy

Mother of Mercy, I call forth your presence.
O sprinkle life's nectar with your willow branch.
Pour forth your stream of compassion and wisdom
To bathe me in waters that heal my own soul.

Blessing hands of purity,
Off'ring me your sanctity.

Chorus:

**Blessed Kuan Yin, you care for all beings.
I choose you, I call you, I trust you, please hear me.
You took the vow of a bodhisattva
And promised to answer all cries and all pleas.
You are my Mother; and I will now follow
Your footprints of vision, forgiveness, compassion,
Transcendence, and inner peace.**

Mother of kindness, I bow 'fore your lotus.
Teach me forgiveness in words and in deeds.
Show me the nexus between earth and heaven
That opens my heart with compassionate beats.

Loving words of empathy
Saving souls in unity.

Chorus

Avalokita, now enter my being.
Hold me. ... I feel you. ... Thank ...you!

Kuan Yin's I Am Prayer

I am singing Mercy's new song.

I am holding a field of mercy in my aura.

I am Mercy's fire enfolding itself as the effulgence of transmutation.

I am a co-creator of "new mercy" for the Earth.

I am drawing forth Mercy's cosmic flame for all.

I am observing God within all and all within God.

I am Mercy's perfect presence singing a new song of peace.

I am forgiveness.

I am mercy.

I am holding the field of mercy with Kuan Yin as all are fully liberated in the new understanding, the new law of being.

I am a translator of mercy to the world.

I am seeing the Earth ensconced in Mercy's picture-perfect presence.

I am transcending, cycle by cycle, worlds within worlds within Self.

I am words of comfort and joy.

I am singing evermore of mercy.

Dear Heartfriends,

Many devotees' spiritual lives have been blessed by praying and singing praises of joy to God and through the giving of a rosary daily. Now you have an opportunity to partake of an exciting new rosary ritual, praying to and for intercession from a previously unknown group of angels.

The archeiai are the feminine complements of the archangels. For many decades students of the deeper mysteries of God have known the names of the Archeiai of the Seven Rainbow Rays, and that our blessed Mother Mary is the Archeia of the Fifth Ray. On November 28, 2007, Jesus' teacher and mentor Lord Maitreya revealed to me the names of the Archangels and Archeiai of the Secret Rays. These higher rays or spiritual frequencies proceed from out of the white-fire core of being of the great primal or causal body of the Godhead, known to some as the Great Central Sun.

The archangels and archeiai of all the rays who deliver these divine light energies wield great spiritual power, often changing the very course of civilizations and planetary homes. Some examples of their intercession in human affairs as noted in the Holy Bible were the casting out of Adam and Eve from the Garden of Eden, the confounding of the tongues of those who built the Tower of Babel, the wielding of cataclysmic atomic energies in the destruction of Sodom and Gomorrah, the saving of the Israelites through the parting of the Red Sea at the hand of Moses, and the prophesied victory of light in the battle of Armageddon in the book of Revelation.

In this "time of trouble" as prophesied by Daniel, the archangels and archeiai come with the authority and directive to deliver both divine judgment and justice—divine liberation and freedom to mankind. For those who would look up and live in the very presence of God, they come as a blessing. But for those who

have turned their face away from the higher pathway of light, they come to deliver the chastisement of karmic recompense for all untransmuted past misuses of God's light-energies.

When the names of the archangels and archeiai were revealed, I was in awe of the very cosmic personages of these mighty beings that I saw in Spirit. The key to their divine nature through their names is given so that we may "Call upon the Lord" through them as God's emissaries, as *angles* of the Creator's multifaceted Beingness. We now have access to all that they employ of God's supreme omnipotence, omniscience and omnipresence. And with the delivery of their names the warning to never misuse this sacred trust is embedded and coded within the very revelation itself.

As we meditate upon these sacred, ancient and once secret archangelic and archeiaic names, we can attune to their purpose and the light patternings of their beings. For every angel and archangel has a specific mission and holy commission to impress some aspect of God's divine presence wherever that one moves. As we invoke them daily, we will gradually be able to sensitize ourselves to them and more readily assimilate their causal energies or divine quintessence—thus the name of this rosary.

For example, Auriel and Alena work to accelerate the action of the secret rays for the clearance and spiritualization of the auras of disciples of the living Word. Celestel and Celena, as step-down transformers of cosmic Beingness, bring God's jeweled, light-energies from higher, celestial worlds to mankind. Christiel and Christyla work to help widen the crystal cord between the Holy Christ/Buddha Self and the soul, and to magnify the Christic or crystalline frequencies with the chrismatic (and charismatic) light-waves of their own beings. Soliel and Astrela regulate and gradually increase the starry, photonic currents that descend to us from our I AM or Solar Presence as we work with the secret rays. And Virtuel and Vestrea deliver previously unknown virtues, gifts and accords of the Spirit to those who qualify for them through heroic and sacrificial service to mankind over many lifetimes.

The blessings that the Creator has in store for those who sincerely love God present within all life with all their heart, mind and soul are truly amazing! And now the door has been flung wide open for you to enter more profoundly into the sanctuary of your heart and to pray with greater awareness, joy and cosmic consciousness, meditating while giving these prayers and singing these songs in the presence of so glorious a choir of holy angels whose gifts will surely transform your life. As we befriend these newly revealed secret-ray individualities by giving the Rosary of Divine Quintessence often, let us together rededicate our lives to holy purpose, divine service and humble givingness to all whom we came to earth to help awaken and save.

This new rosary is scheduled to be released at our 2008 Easter conference at the Wellspring Retreat in Paradise Valley, Montana. I believe this devotional ritual will provide us with a new, cosmic impetus to wield greater spiritual light and fiery love to help usher in a beautiful, golden-crystal age of enlightenment and freedom for all mankind. For those who are willing to move into the new stream of Aquarian love and higher consciousness, our daily spiritual practice with the archangels and archeiai will be worth the time and effort.

May the angels go with you always!

Archangels and Archeiai of the Five Secret Rays,

Rosary of Divine Quintessence

With Prayers to the Archeiai of the Five Secret Rays

Sign of the Five-Pointed Star

In the name of the Father and of the Mother and of the Son
and of the Daughter and of the Holy Spirit. Amen.

Prayer for Divine Quintessence

I am a fount of divine quintessence from the etheric realms of light of the Archangels and Archeiai of the Five Secret Rays. I live, move and have my being in a living, liquid, crystal-diamond light. In perfect poise and presence, I emanate all the divine virtues and graces of the Spirit to all life on all systems of worlds through my glowing, diamond heart—one with God's. I am the effulgent out-pouring of all the qualities of the secret rays to bless, raise and sustain the cosmos. By the action of the secret rays pouring through my heart, hands and feet as an angel of love, compassion, mercy, grace and kindness, all of God's created sons and daughters receive now the ministering presence of holy light through this Rosary of Divine Quintessence.

I am the light of Auriel and Alena, Celestel and Celena, Christiel and Christyla, Soliel and Astrela, and Virtuel and Vestrea where I AM. Through these prayers and songs of devotion and praise, O God, purge, transmute and consume now from the earth, water, air, fire and ether all that is not of the light and release the quintessence of your Presence manifest through the five secret rays. Let this radiance as the agency of the Holy Spirit flow now to raise the consciousness of all mankind and to bring about a golden-crystal age of love-wisdom upon the Earth and on all systems of worlds.

In the holy name of God, I AM THAT I AM. Amen.

Let all legions of the Lord serving with the Archangels and Archeiai of the Five Secret Rays raise the Earth in sacred fire. By the power of the I AM THAT I AM, let light prevail and may all rise unto their God-estate and awaken unto eternal life within the Holy City of God's eternal heart.

You Are My Angel

(to be sung)

Beings on the wing from heaven
are bidding me to call your name;
For they say you're an angel of celestial fame.

I have always known your presence,
and often have I felt your hand.
And I know you're an angel from a far-off land.

When I close my eyes and listen
I can hear your wings of light
And in heightened adoration we will both take flight.

You are my angel, my beautiful angel,
You are my angel, my angel of light.

Never have I seen your radiance
but always have I felt you near.
And I know you're an angel with a heart so pure.

Some day I will know your beauty
and gaze within your eyes of blue.
For I know you're an angel, and I love you.

You are my angel, my beautiful angel,
You are my angel, my angel of light.

Some day I will know your beauty,
And gaze within your eyes of blue.
For I know you're my angel, and I love you.

To the Archeiai of the Five Secret Rays

In the name I AM THAT I AM, beloved Auriel and Alena, Celestel and Celena, Chrystiel and Christyla, Soliel and Astrela, and Virtuel and Vestrea, all ascended and cosmic beings, legions of angels and archangels, Elohim and nature spirits, I pray:

*O precious fragrance wafting high on fiery wings of love,
The archeiai's anointing showered from the realms above.
A blessing pure and holy flows to hearts inclined to thee,
Bestowal of Venusian grace to all who would be free.

Alena dear, Celena near,
Vestrea ancient seer;
Christyla clear, Astrela pure,
We feel your presence here.

Now raise the Mother Light in us,
Release the sacred flow,
As we commune with conscious love
In your eternal glow.

O archeiai, now we would be your heart, your head, your hand
Dispensing grace upon the earth to every race and land.
Increase in us awareness of God's presence everywhere
As we employ your cosmic joy, your tender loving care.

Alena dear, Celena near,
Vestrea ancient seer;
Christyla clear, Astrela pure,
We feel your presence here.

Now raise the Mother Light in us;
Release the sacred flow
As we commune with conscious love
In your eternal glow.

The Holy City

(to be sung)

Last night I lay asleeping, there came a dream so fair.
I stood in old Jerusalem beside the temple there.
I heard the children singing, and ever as they sang,
Methought the voice of angels from heav'n in answer rang;
Methought the voice of angels from heav'n in answer rang:

Jerusalem! Jerusalem!
Lift up your gates and sing,
“Hosanna in the highest
Hosanna to your King!”

And then methought my dream was chang'd, the streets no longer rang.
Hush'd were the glad hosannas the little children sang.
The sun grew dark with mystery, the morn was cold and chill
As the shadow of a cross arose upon a lonely hill,
As the shadow of a cross arose upon a lonely hill.

Jerusalem! Jerusalem!
Hark! How the angels sing,
“Hosanna in the highest,
Hosanna to your King!”

And once again the scene was chang'd, new earth there seem'd to be.
I saw the Holy City beside the tideless sea.
The light of God was on its streets, the gates were open wide,
And all who would might enter, and no one was denied.
No need of moon or stars by night or sun to shine by day.
It was the New Jerusalem that would not pass away.
It was the New Jerusalem that would not pass away!

Jerusalem! Jerusalem!
Sing, for the night is o'er,
“Hosanna in the highest,
Hosanna for evermore!
Hosanna in the highest,
Hosanna for evermore!”

*Consecration and Sealing
of the Rosary of Divine Quintessence*

In the name I AM THAT I AM and the Presence of God within all life, in the name and by the power and authority of the two witnesses above and below, in the name of the Divine Mother, all the blessed archeiai and the hosts of the Lord, we consecrate the peoples of all nations that exist under the weight and the burden of totalitarian and oppressive regimes to your immaculate and merciful hearts this day.

We ask now for the four sacred freedoms to be brought forth in all nations and for the will of God to be made manifest in the lives of each one. Let freedom of speech, freedom of worship, freedom of assembly and freedom of the press reign throughout the earth.

We lend the support of our causal bodies for the freeing of all souls everywhere, O God. We consecrate every man, woman and child, born and unborn, upon earth unto the glory of God and unto the fulfillment of each one's divine plan and ascension in the light. As Above, so below, let thy kingdom come on earth as it is in heaven.

This we ask in the name of the Father and of the Mother and of the Son and of the Daughter and of the Holy Spirit. Amen.

Dear Heartfriends,

Disciples of the Spirit who have offered rosaries and prayers to the Blessed Mother may be aware that there is a long tradition of various types of rosaries that have been given over the years since Jesus' life on earth. The original rosary given centuries ago looked much different than that which is given within the Catholic Church of today. Rather than a single prayer for all time, the rosary has become an evolution of devotion. Over the years, various mystics and saints, in communion with Jesus and other heavenly beings, have added to the hallowed tradition of the rosary within the greater context of the universal church of the faithful worldwide. The *Rosary of Faith* you hold in your hand is another step in this divine evolutionary process known as progressive revelation.

Each rosary is, in reality, a spiritual garland of roses created by the giving of various prayers, most often including the "Hail Mary" which honors the words of the Archangel Gabriel spoken to Mary when she was yet a temple virgin, spending much of her time in prayer and meditation upon the heaven world. For years my primary prayer focus has been to pour forth devotion to the Blessed Mother Mary, Queen of the Angels, who has been so instrumental in answering the prayers of the faithful over the centuries.

In the esoteric tradition of Christianity, students with this understanding of higher truth have become aware that Mary is also the archeia of the fifth ray of healing, science, precipitation and music. An archeia is the feminine complement of an archangel and thus wields tremendous energies of the Spirit in her service to mankind often in a gentler and somewhat more feminine manner than her masculine counterpart. Since we know the names of the archeiai of the Seven Archangels, we may call to each of them to bless us with their particular aspect of God's consciousness for the color ray upon which they serve. Each of these beings is a powerful

intercessor for mankind, answering the prayers of those in distress in very specific and, at times, mysterious ways.

This *Rosary of Faith* is the fulfillment of a request made to me by the Ascended Masters El Morya and Lanello. When the program for a weekend conference in Washington, D.C. in late January 2007 was given to me by them, I was also asked to have ready a completed version of a new *Rosary of Faith*, wherein we would invoke the light of all seven complements of the archangels, primarily the Archeia Faith, the consort of beloved Archangel Michael. Since Washington, D.C. is the blue-ray focus and throat chakra for the United States of America, it seemed fitting that we should concentrate the action of faith through a new type of rosary for the protection of our nation's government and its leaders. Those of all nations may give this new rosary for the anchoring of God-government in their own country and in all nations, maximizing the light of these prayers on behalf of all peoples.

Faith is the first and essential virtue after which all others follow. In all spiritual traditions unless there be faith and belief, the light of wisdom's fires and the fulfillment of love in all things does not ensue. Works alone do not allow us entrée into the kingdom of God, but inspired works of compassion born of spiritual knowledge and faith flow from a profound oneness of Spirit.

By invoking the light of all seven archeiai in this rosary, we create a rainbow radiance, a cosmic aureole of God's tender blessing around us. Our halos shine not only with the emerald color of Mary's presence but with the specific pastel glory of each of these angelic mothers who can nurture us in many sublime ways. Thus, no matter what day of the week we choose to give this rosary, we can have access to all of the "seven sisters" whose manifestation of light complement each other in ways great and small.

We know that singing our prayers opens our hearts in a profound way, and we've been told that hymns of praise invoke the presence of the angelic choirs. In this rosary we pray to the nine choirs of angels, each of these focusing a specific aspect of God's radiance at a different level of vibration in the heaven world. Some choirs live and move and have their being closer to the Godhead while others work more closely with mankind. By attuning to each

choir's specific purpose and work, we can more readily expand our own consciousness to the level of these angelic beings. And thereby they, too, may work more closely with us.

In both "The Lord's Prayer" and the prayers to the seven archeiai that are patterned after the "Hail Mary," we use the Middle English renditions of *thee*, *thou* and *thy*, honoring the ancient tradition of praying in the less familiar and more reverential style. The archangels and archeiai often dictate through the messengers using an older vernacular, probably because they themselves have been alive as long as the Ancient of Days! We've added the English version of the name of God—I AM THAT I AM—to "The Lord's Prayer." And we witness to the union of the archangels and archeiai as twin flames; for, like the Elohim, they are also a plurality in a unity.

Many of us who have dedicated our lives to the service of mankind are actually embodied angels, and thus we easily resonate with these beautiful presences that are often so close at hand to us though we often know it not. By cosmic law they cannot act within our dimension unless we invoke them by intention. Now you have in the following pages a means of communing with these wonderful friends of light and entering into their world of cosmic grace in a simple, new way.

May the angels go with you always!

Your servant and messenger for the
Seven Archangels and their Archeiai,

David Christopher Lewis

Rosary of Faith

With Prayers to the Seven Archeiai

Sign of the Cross

In the name of the Father and of the Mother
and of the Son and of the Holy Spirit. Amen.

Prayer for Faith

In the name of the Presence of God within all life, I am upholding the shield of Faith to defend all lifestreams upon earth. I am a blue-flame angel of protection, manifesting the light of the will of God in action through my heart, head and hands. Through this *Rosary of Faith*, I am weaving a garland of light around the earth and all its evolutions—including the precious elemental beings of earth, air, fire and water—freeing all to be who they really are in God. O Lord, give divine direction and personal guidance to every son and daughter of God and let all know their divine nature of eternal perfection in the now of pure beingness. By God's grace, let the three-partite light of Faith, Hope and Charity be balanced within me and within every lifestream on earth. This I ask in the name of the blessed archeiai and hosts of the Lord. Amen.

Shield of Faith

*Shield of Faith before, behind,
Protect my body, soul and mind.
To the right, to the left and 'round my being,
Let choirs of Faith and Michael sing
And cosmic bells of victory ring!

Shield of Faith above, below,
Let blue-flame angels 'round me glow.
To the right, to the left and all about,
Let choirs of Faith and Michael shout,
Their love now win and darkness rout! (3x)*

Hymn to Faith

O Faith, with all the archeiai,
We see your angels fill the sky.
With Michael, blest archangel true,
God's sons and daughters look to you.
O fill us now with grace divine,
Protection's light our world refine.

O Faith, we see your diamond shield,
Blue-lightning angels with you wield.
Belief in God with hope and love,
Your cosmic light flows from above.
Perfection's glory is your sign;
O radiate God-power divine.

O Faith, with Hope and Charity,
Inspire mankind with clarity.
Blest Micah's banner, unity,
Unfurled in cosmic harmony.
O Princess Faith, we look to thee.
Now raise all souls and set them free.

Dear Michael, Faith, our victory's nigh,
We see your legions fill the sky.
Though Armageddon's in full swing,
Our voices rise; with you we sing.
Your blue-flame swords and shields we bear.
We stand with you, archangels fair.

Eternal Father-Mother light,
We pray for Faith and Michael bright.
Renew their strength and spirits, too.
We send our love, archangels blue.
O Lord of all the worlds sublime,
All praise, thanksgiving, glory thine.

Prayer to the Nine Choirs of Angels

O nine choirs of angels of the Most High God, I call to the Seraphim, Cherubim, Thrones, Dominions, Virtues, Powers, Principalities, Archangels and Angels from out the Great Central Sun to blaze forth celestial light into our world for the freeing and saving of sentient beings. Let souls caught in the astral sea of illusion now receive your ministering presence to free them from all unreality. Let all legions of the Lord serving with beloved Archangel Michael and Faith defend the Woman and Her Seed in the earth. By the power of the I AM THAT I AM, bind the forces of darkness that assail all lifestreams who seek deliverance this day. Prayer of Faith

O Lord God Almighty, I call forth legions of light from far-off worlds and from the Pleiades and from the heart of Sirius to come to Earth to assist us in this great drama and spiritual battle. Come forth, legions of light, and bring to mankind a greater awareness of that divine light which is ever available to them now and always. Let mankind know the eternal fire that burns within their hearts, even that burning bush as a symbol of the *Yod He Vau He* that is personalized for each one within the secret chamber of the heart.

Burn brightly, O fire within those who have been called to be the saints robed in white, as witnesses and testators of the Spirit and its presence in the earth. Let God-men and God-women rise in every land to throw off the tyranny of the lesser self that has caused a great veil of darkness to be upon the nations. Let servitors of fire stand forth and deliver to mankind the flaming sword of cosmic truth that cleaves asunder the real from the unreal and brings forth reality in all of its glory within their lives this day.

O Lord God Almighty, I ask for greater opportunity to serve. Let the calls of the righteous rise, and let hearts afire with love for you this day sing the song of the free!

To the Archeiai

In the name I AM THAT I AM, beloved Archeiai Faith, Christine, Charity, Hope, Mary, Aurora and Amethyst, all ascended and cosmic beings, legions of angels and archangels, Elohim and nature spirits, I pray:

O precious fragrance wafting high on fiery wings of love,
The archeiai's anointing showered from the realms above,
A blessing pure and holy flows to hearts inclined to thee,
Bestowal of Venusian grace to all who would be free.

O Faith, Christine and Charity,
With Hope, Aurora near;
O blessed Mary, Amethyst,
We feel your presence here.

Now raise the Mother Light in us,
Release the sacred flow
As we commune with conscious love
In your eternal glow.

O archeiai, now we would be your heart, your head, your hand
Dispensing grace upon the earth to every race and land.
Increase in us awareness of God's presence everywhere
As we employ your cosmic joy, your tender loving care.

O Faith, Christine and Charity,
With Hope, Aurora near;
O blessed Mary, Amethyst,
We feel your presence here.

Now raise the Mother Light in us;
Release the sacred flow
As we commune with conscious love
In your eternal glow.

Blessed Micah, Angel Friend

In the name I AM THAT I AM, beloved Archangel Michael and Faith, beloved Micah, all ascended and cosmic beings, legions of angels and archangels, Elohim and nature spirits, I pray:

1. Blessed Micah, angel friend,
Our holy union now defend.
Instill all people with God's love,
Transcendent purpose from above.

Refrain: Purify and unify all beings, left and right.
Sanctify and glorify all souls in Micah's light.
Cast out human pall, division;
Give us now blest Micah's vision.
Blaze the sacred word of Unity in letters bright!

2. Bind division, war and strife;
Let all now seek eternal life.
Through harmony, compassion true
And bonds of faith, we look to you.
3. Blessed Micah, blue-flame master,
Save us now from all disaster.
Seal each soul in your embrace
And flood us with angelic grace.
4. We look to thee, most holy one,
As Faith and Michael's blessed son.
All conflict solve, consume all bane,
Let brotherhood for all now reign.

Archangel Michael's March

Michael, dear archangel, august friend,
We will work with you to the end.
Your gracious presence with us ever to defend the seed of God!
O Michael, come! And with your legions lead the way!
With you we'll bring in the new day,
A golden age, God's kingdom come to earth again,
Our defender, our protector true!

Chorus:

**Onward march, blue legions row on row!
Blazing God-protection here below!
Flaming spheres now surround souls whose hearts are true.
Lead on in God-splendor! Service great you render!
Our dear Michael, we love you!**

Charging forth, your hosts of light obey
Our calls and enter in the fray
To battle every form of darkness, opposition to the soul!
We call you now! Protect our children, youth, each one,
That they may soar right to the sun,
All mastery, save sentient life, come Home again!
Michael, we are marching now with you!

Faith, beloved archeia true blue,
With this great gift our souls imbue
Of total faith in God, his purposes, his plan to see us through
Each test and trial, the disciplines that make us strong,
That build our will and give a song
We sing with angel bands as victory we claim!
Our dear Faith, enfire us with your flame!

Consecration and Sealing of the Rosary of Faith

In the name I AM THAT I AM and the Presence of God within all life, in the name and by the power and authority of the two witnesses above and below, in the name of the Divine Mother, the seven blessed archeiai and the hosts of the Lord, we consecrate the peoples of all nations that exist under the weight and the burden of totalitarian and oppressive regimes to your immaculate and merciful hearts this day.

We ask now for the four sacred freedoms to be brought forth in all nations and for the will of God to be made manifest in the lives of each one. Let freedom of speech, freedom of worship, freedom of assembly and freedom of the press reign throughout the earth.

We lend the support of our causal bodies for the freeing of all souls everywhere, O God. We consecrate every man, woman and child, born and unborn, upon earth unto the glory of God and unto the fulfillment of each one's divine plan and ascension in the light. As Above, so below, let thy kingdom come on earth as it is in heaven.

This we ask in the name of the Father and of the Mother and of the Son and of the Holy Spirit. Amen

Rosary of Faith

Sign of the Cross

In the name of the Father and of the Mother
and of the Son and of the Holy Spirit. Amen.

Prayer for Faith

In the name of the Presence of God within all life, I AM upholding the shield of Faith, defending all lifestreams upon Earth. I AM a blue-flame angel of protection, manifesting the light of the will of God in action through my heart, head and hands. Through this *Rosary of Faith*, I AM weaving a garland of light around the Earth and all its evolutions—including the precious elemental beings of earth, air, fire and water—freeing all to be who they really are in God. O Lord, give divine direction and personal guidance to every son and daughter of God and let all know their divine nature of eternal perfection in the now of pure beingness. By God's grace, let the three-partite light of Faith, Hope and Charity be balanced within me and within every lifestream on Earth. This I accept and affirm in the name of the blessed archeiai and hosts of the Lord. Amen.

Shield of Faith

*Shield of Faith before, behind,
Protect my body, soul and mind!
To the right, to the left and 'round my being,
Let choirs of Faith and Michael sing
And cosmic bells of victory ring!

Shield of Faith above, below,
Let blue-flame angels 'round me glow.
To the right, to the left and all about,
Let choirs of Faith and Michael shout,
Their love now win and darkness rout! (3x)*

Hymn to Faith

(to be sung)

O Faith, with all the archeiai,
We see your angels fill the sky.
With Michael, blest archangel true,
God's sons and daughters look to you.
O fill us now with grace divine,
Protection's light our world refine.

O Faith, we see your diamond shield,
Blue-lightning angels with you wield.
Belief in God with hope and love,
Your cosmic light flows from above.
Perfection's glory is your sign;
O radiate God-power divine.

O Faith, with Hope and Charity,
Inspire mankind with clarity.
Blest Micah's banner, Unity,
Unfurled in cosmic harmony.
O Princess Faith, we look to thee.
Now raise all souls and set them free.

Dear Michael, Faith, our victory's nigh;
We see your legions fill the sky.
Though Armageddon's in full swing,
Our voices rise; with you we sing.
Your blue-flame swords and shields we bear.
We stand with you, archangels fair.

Eternal Father-Mother Light,
We pray for Faith and Michael bright.
Renew their strength and spirits, too.
We send our love, archangels blue.
O Lord of all the worlds sublime,
All praise, thanksgiving, glory thine.

We are One, we are One in the Great Central Sun.

Hail, Vesta!

Hail, Vesta, full of love, the Lord is with thee.
Blessed art thou in the Sun and
Blessed art thy rays of Solar light

Holy Vesta, Mother sublime,
Pray for us sons and daughters divine
Now and as we shine our light with thee each day. (7x)

Hail, Elohim of Wisdom

To the Elohim Apollo and Lumina

Angels, now fill the skies.

Dreamers, awake—arise.

Hail, Elohim of Wisdom,
Come with God's golden ray.

Light of the One,

Now help us become

The pure mind of God.

Balance God's power and his love

Now with illumination.

Interlude

Hail, Elohim of Wisdom,
Come with God's golden ray.

Holy and true,

Now help us to choose

The infinite mind of God.

Balance God's power and his love

Now with illumination.

Interlude

Hail, Elohim of Wisdom,
Come with God's golden ray.

Now in the flame of wisdom,

Dreamers, arise—awake!

El Morya's Great Central Sun Meditation

I AM One, I AM One, I AM One with the Sun.
I AM One, I AM One with the Great Central Sun.

God is here in my heart. I AM One with God's heart.
Light, expand through my heart.
Love, expand through my heart.

Let my aura be thine. Let my aura now shine.
O, my God, I AM thine! I AM truly divine!

We are One, we are One, we are One, we are One.
We are One, we are One in the Great Central Sun.

Hail, Vesta!

Hail, Vesta, full of love, the Lord is with thee.
Blessed art thou in the Sun and
Blessed art thy rays of Solar light

One, All One

Dearest I AM Presence bright,
Source of all God's radiant light,
Always here within me; ever do I love thee.

My devotion rises sure
To your heart, sublime and pure.
Know my love adoring in this blissful sea.

One, alone to be my own,
Merging now in holy communion;
One to be eternally,
My only goal and dream—our union.
At your call I give my all,
Rising in purest light within you.
Now I know transcendence here below,
For we are One, all One.

Twin flames merging in the light,
My beloved glowing bright;
Alchemy of fusion in our holy union.
Ever will this sacred grace
We've created bless this place.
Know my love forever, dearest holy one.

One, alone to be my own,
I alone to know your caresses;
One to be eternally
The one my worshipping heart possesses.
At your call I give my all,
All my life and all my love enduring.
This will be a magic world for me,
For we are One, all One.

Beloved Vesta,

Thank you for your glorious rays of light,
which nurture all with your love.

I AM a Solar co-creator,
One with you in the Sun!
Amen.
